

## Updates to the Santander Treasury Link Mobile App.

We're pleased to announce an updated version of the **Santander Treasury Link Mobile App**. In addition to viewing your financial information, initiating stop payments and making your positive pay decisions, you can now initiate account transfers between your SBNA accounts as well as approve payments, account transfers, payment template and payment recipient changes.

To get started, download the app on the **Apple App Store** or **Google Play** and log in using your existing Santander Treasury Link credentials. If you have any questions, feel free to visit the **Treasury Resources** microsite, contact Client Services at **844-726-0095**, or email **clientservice@santander.us**.

# Santander Treasury Link Mobile App features

The Santander Treasury Link Mobile App is a shortcut to accessing your Treasury accounts wherever you are via your smartphone. Here are some features you have access to:

Alerts and account activity

Prior day and current day information reporting

Positive pay exception item decisioning

Search, place and cancel stop payments

Online Resource Center and Treasury Essentials webinars

Approve your payments and transfers

Initiate account transfers

Approve your payment templates and recipients
